"For the many years, I have suffered from severe pain, bleeding and burning from the condition, Interstitial Cystitis. I have tried many alternative and modern treatments. A friend who is a Master Healer suggested that I call Jane."

"My first session with Jane was on July 23. When I called her, my bladder was causing me horrendous discomfort. I had immediate relief from the pain and burning."

"Needless to say, Jane's gift for healing is miraculous!!!!"
